**Become the
Future Filmmaker:
Sharpen Yourself in the
Film Production Scene!**

**FILM & TV
PRODUCTION**

COURSE OVERVIEW

The SAE Film & TV Production is a hands-on filmmaking course covering tactile hard skill elements of filmmaking in the modern era.

New forms of film distribution have changed the film-viewing environment but the foundation skills needed to create films are still core to the future of film production.

Soft skills are invaluable attributes for students and are taught through collaborative projects. Communication, scheduling, and organisational skills are at the core of practice-based units alongside the foundational skills learnt.

The creation of high-quality short films with high production values leads students through this combined technical and people-oriented delivery giving them the springboard to all areas of film-making.

Undertake specialised units designed for students to participate in real-world projects under the guidance of expert lecturers. With this unique teaching style, students will demonstrate their skills and technical knowledge in a collaborative and creative studio-based learning environment.

COURSE INFORMATION

Throughout your journey at SAE Indonesia you will start with the fundamentals rolling through to the finer, more complex aspects of Cinematography.

You'll acquire a very particular set of skills during your time. You'll be directed by expert teachers face-to-face while collaborating with students from other disciplines. The following breakdown of modules will give you a more detailed insight in to the various subjects studied and skills acquired throughout your course.

RAZOR TAYEB ALUMNI

I really love the interaction and collaboration between departments. Also the friendship between junior and senior students. SAE has created a place that makes me want to keep learning.

DIAN SRI MUTHIA ALUMNI

SAE has made my college experience a fun one by providing a balance between studying theory and hands-on practical learning at our campus. The friendly social environment between departments and junior to senior batch is more than welcoming and super supportive!
